Re: Heine vs. Raus & Pödrang

We have been retained by Mr. Eerik Heine to act on behalf of him in the matter aforesaid.

Mr. Heine has informed us that you have accused him of being a communist agent. He further informed us that your allegations are founded on the information received from the F.B.I.. We have in our files a letter from John Edgar Hoover, the Director of F.B.I. dated Dec. 18th., 1963 and Mr. Heine is able to produce a number of witnesses on behalf of himself to refute your allegations.

Hence Mr. Heine requests that you insert the following official apology in these Estonian newspapers: Meie Elu, Vaba Eestlane, Vaba Eesti Sona, Eesti Post & Voitaja:

Avalik Vabändus

Mina, Jüri Raus, avaldan avaliku vabanduse ltn. Eerik Heine ees, võttes õigeks, et minu poolt avaldatud teadanne nagu oleks Eerik Heine kommunistlik agent, ja nagu oleks sama Eerik Heine väga kahtlane isik, ei vasta täsioludele.

Kinnitan, et minul pole mingisuguseid süüdistusi ltn. Eerik Heine vastu.

Jüri Raus

The official apology should be inserted on the front page of the newspapers aforesaid. Unless you insert the official apology aforesaid in the newspapers mentioned on or before the first day of March, 1964, Mr. Heine will have to take such legal steps as he may deem necessary to protect his honour & reputation.

Yours very truly,

*Harry Sandra*

REML → Public Apology

I assure, that I have ~~had~~ no accusations of any kind against Mr. Eerik Heine.

There were two series of phone calls:

1. Preceded the visit by Heine to each locale from May to Nov. 1963 - the context of the call was that I as the LEL commander with other leaders of the Estonian society have been advised by the government that Heine is to be regarded as an agent of the KGB.

Therefore it is recommended that people who come in touch with him be very careful, avoid discussing the local affairs etc. It was also requested that a report on Herne's visit be sent to me. If any doubt FBI could be contacted. The second series followed the LEL council decision of 9 Nov. 1963 - through Nov and Dec.

It was announced that a meeting was held in New York with the following decision: Since Herne is under suspicion it is decided that any contacts, such as letters, telegrams, invitations etc. to him from membership is against the principles of LEL and should be discontinued immediately.

## Correspondence

A personal note (in pencil) was sent to Mecane Molgi (8-05 119<sup>th</sup> St. College Point, N.Y) who at that time resided in Minneapolis. This was in July 1963 preceding Herne's visit there. The context of the note was that there are rumors in New York that Herne is a suspicious character and could be an enemy agent. Therefore, it would be advisable to be very careful. Since I don't know anyone in Minneapolis Molgi was asked to relay this to local leaders and also report to me on Herne's visit.

Molgi has made big fuss with this note, accused me of false accusations etc.

A few letters were exchanged with August Kodaja on speculation how Heine might have become an agent. Kodaja was advised to burn these letters and has said to have done so.

The meeting in New York 9 Nov 1963.

Present were LEL Council: Raus, Tamman, Vallaste, Lipping, Karisma, Karp, Milles, Kool

LEL Inventory Commission: Andresson, Raag, Pöör N.Y. Chapter: Keerd, Derrick, Kunnapas, Kruus, Allikas, Parming, Eer

Mediator: Kurgvel

Some highlights: Keerd admitted being a people's justice in Estonia and the primary contact for Heine in USA.

I made the statement: "I have been advised by a government agency that Heine is an agent of the KGB" Vallaste said that stories like the Estonian Pod started the rumor one false because interest in these was felt by a government agency already some years ago.

N.Y. Chapter had a meeting and agreed to break off contacts with Heine and discontinue agitation against
